

Birthday Scavenger Hunt

Point to a match. Check the box. Explore together with a grown-up.

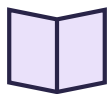

Something round

Look for a circle shape.

☐

Something blue

Ask an adult to name the color.

☐

A favorite book

Point to a story you like.

☐

Something soft

Spot a cushion or soft toy.

☐

Something that shines

Point to a safe shiny object.

☐

A happy picture

Find a smile in a picture.

☐

Something with stripes

Look for lines in a pattern.

☐

Something to draw with

Point to paper and a crayon.

☐

No racing, climbing, or opening cupboards. Point instead of picking things up.

The grown-up guide

Ages 3–8 • About 10 minutes • One supervised room • No race

1. Prepare the room

Check that each prompt has a safe, visible match. Replace any that do not.
Keep stairs, windows, exits, and cupboards out of the search area.

2. Prepare the sheets

Print page 1 for each child, or share one sheet for a small group.
Provide washable crayons. Adults read prompts aloud and explain pictures.

3. Search together

Name one target at a time and let children point to a matching item.
Do not ask them to touch breakable, sharp, hot, or unknown objects.

4. Adapt and celebrate

For seated play, place large safe objects or pictures on an accessible table.
Offer a different clue if color or visual matching is not suitable.
Finish with a shared cheer. No prizes, time pressure, or elimination.

Adults supervise throughout and adapt the activity to the actual children.
Optional: use a theme picture quest from the online party planner.
